Online Booking

You can now book Osteopathy, Physiotherapy, Acupuncture, Sports and Remedial Massage, Swedish Massage and a Medical Herbalist online. This is in addition to being able to ring and speak to one of our highly trained receptionists, who will be able to advise you on your choice of therapy and also try to organize the best possible timings for your appointments, however, the online bookings buttons on our website and Facebook page will allow you to book us when reception is closed at your own convenience.

Four New Videos available to watch on our website, Facebook page (Manor House Practice - Beccles) and YouTube.

Shoulder Exercises - A set of four to help if you are recovering from a shoulder injury.

Advanced Strengthening Exercises for your Spine - If you have already found your way to trying our basic strengthening video exercises and your back is 'well' then you can now move on to the advanced exercises which will strengthen and help prevent injury.

We also have a new '**Anti-Ageing**' video which is designed to work the major muscle groups to help you stay mobile in walking and your arms strong!

Lastly, we have an amazing video with Susie James (who knew she would be such an internet star!) giving advice on **How to cut your Toenails** properly.

Please share these videos with friends and family via your Facebook page.
